Things don't look like you expect? You might need to set your browser to print background colors and images.

In Firefox: Click Page Setup..., then check the box beside "Print Background (colors & images)".

In Internet Explorer: Exit Print Preview. From the browser menu, select Tools > Internet Options. Select the "Advanced" tab. In the Settings box, scroll to the "Printing" section, then check the box beside "Print background colors and images".

Note: Consider also printing in Landscape format instead of Portrait.
